Former State Treasurer Detected Doing This In

### PENNSYLVANIA TREASURY

Clerk Named Young, Who Is Alleged to Have Been Informed That a Job Was to Be Pulled Off, Discharged by Cashier of Department.

Harrisburg, Pa., June 13.—A sensation was caused here Thursday by the discovery that William L. Mathues of Delaware county, former state treasurer, who figures in the new capitol scandal, was detected looking over the books of the treasury department about 11 o'clock Wednesday night with one of the clerks of that department and a political lieutenant of Mathues from one of the other departments. The discovery was made by Patrick McGrann, another clerk. McGrann said that Wednesday evening he heard John E. Scott, a clerk in the auditor's department, say to George P. Young, a clerk in the treasury department, who was originally appointed by Mathues: "You should be around tonight, for we are going to pull off a job." Scott was a clerk in the treasury under Mathues. State Treasurer Berry is absent from the city, and when Cashier Measley arrived at the department Thursday he immediately discharged Young.

### BROKE DOWN AND CRIED.

Did This When Bible Stories Were Referred To.

Boise, Ida., June 13.—Orchard broke down and cried as Richardson plied him with questions as how Detective McPartland talked to him in jail and Richardson, asking further about the told him Bible stories. Orchard recovered himself, however, and answered the questions in his usual even voice. He detailed McPartland's method in securing the confession.

During Wednesday's examination Orchard said he had written to Moyer from Wallace, Ida., asking for some money. Orchard had gone to Wallace after he first proposed the attempt on Governor Steunenberg. Richardson asked further about the Moyer letter Thursday, wanted to know if Orchard ever received an answer to it. Witness said he received no direct answer, but as a result of the letter Jack Simpkins gave him \$100, which, he said, Haywood sent to him. Orchard only had Simpkins' word as to where the money came from.

Leaving Wallace en route back to Caldwell to assassinate Steunenberg, Orchard said he and Jack Simpkins first went on a week's hunting trip. They traveled the trail on which it was alleged Steve Adams killed Fred Tyler, a man for whose murder Adams once had been tried, the jury failing to agree. The return trip to Caldwell was made by way of Spokane. Simpkins said that as an excuse for going alone, was to say he was visiting locals of Western Federation, at Miners. This would also enable him to draw expense money from the union.

### Would Not Discuss Mission.

Austin, June 13.—Several members of the legislature were here Thursday, and while they would not discuss their mission, it is understood that it was in connection with the ruling of the attorney general on the Baskin-McGregor measure. It now seems that saloon men are going to take steps so as to avoid the necessity of having to close for twenty days. It is more than probable that the matter will be taken into the courts and a test case made.

### Fatal Outcome of Debate.

Naples, June 14.—Marianac Palmobelli, a writer of popular songs, and Alfonso Macale, owing to literary jealousy, began an acrimonious debate, which ended in a fight with knives. Macale was stabbed to the heart and killed and Palmobelli is dying from a wound in the side.

### Ground Broken For Church.

### BREVITIES BUNCHED.

Oil of good quality has been found at a depth of 650 feet twelve miles south of San Antonio.

Monk Gibson, charged with complicity in the murder of the Condit family near Edna, Tex., is in jail at Cuero.

District Attorney Devlin's report on the attack on Japanese establishments at San Francisco has been sent to Secretary Root.

Assistant Attorney General Pollard holds that the two-year evidence clause is applicable to all persons now selling liquor in Texas.

At a meeting held at New York the executive committee of the Association of Life Insurance Agents decided not to test the new Texas insurance law.

Her Forces Manage to Drive Back All

### NICARAGUAN INVADERS.

Engagement Was Fought Not Far From the Town of Sonsonate, Which the Opposition, Backed by a Citizen of United States, Failed to Capture.

City of Mexico, June 13.—Salvador, with a force of regular troops, Wednesday defeated a body of revolutionists of Nicaragua who captured the port of Acajutla, and who later attempted to move on the Salvadorean capital. The invading forces were driven back to Acajutla, and are making a stand there.

The battle was fought near the town of Sonsonate, which the invaders tried to capture. Sonsonate, which is well garrisoned, is about twelve miles from Acajutla on the Salvadorean railroad, which connects the port of Acajutla with the capital of the republic.

As soon as the invading force entered the harbor they easily took possession of the town, which is poorly defended. They seized a train, which happened to be at the terminus of the road at the time, and swiftly moved on to Sonsonate.

Meanwhile President Figueroa had heard of the capture of Acajutla and ordered an immediate mobilization of the Salvadorean army. A number of troops were rushed by train from the capital to Sonsonate. During the night the invaders surrounded the town, attacking it Wednesday morning.

Not the least interesting part of the whole incident is the fact that an American citizen is said to have been the promoter and leader of the move. He is John Moisant, a wealthy sugar planter, who formerly resided at San Francisco, and who is now a prisoner in the artillery garrison at San Salvador. It is said that he will be tried by the Salvadorean government. Moisant is one of four brothers who, besides owning one of the richest sugar plantations in Central America, possesses considerable property at San Francisco.

### BLACK HAND.

It Is Declared to Be In Existence at New Orleans.

New Orleans, June 13.—Official cognizance that a dangerous Black Hand organization exists in New Orleans was taken by the Progressive Union, the most influential commercial body in the city, comprising a membership of nearly 1,000 business men. Pursuant to a call by President Godchaux, members of the union attended a mass meeting Wednesday night, which had been called by wealthy New Orleans Italians in protest against the Black Hand.

### IN MORGAN'S MEMORY.

Senate Committee on Military Affairs Did Not Hold Public Session.

Washington, June 13.—No public session of the senate committee on military affairs was held Wednesday, an adjournment having been taken on account of the death of Senator Morgan. Senator Lodge referred briefly to the loss to the senate and to the country, and suggested that it would be fitting for the committee, which is the only senate body now in session, to adjourn as a mark of respect. An executive session of the committee was held, at which Senator Pettus was permitted to record his vote in support of the administration on the Brownsville question. This was done for the reason that Senator Pettus will go to Alabama with the body of his colleague, and probably will not return here during the present session. It was stated that the committee would conclude the examination of all the witnesses in prospect by Tuesday next, but it is not believed that any report will be prepared at this time. The question of going to Brownsville was discussed, and an agreement reached that if it should be necessary to send a committee to Brownsville the trip will not be made until next November.

### FUNERAL COMMITTEE.

Those Selected to Represent Senate and House at Morgan Obsequies.

Washington, June 13.—The committee appointed by Vice President Fairbanks to represent the senate at the funeral of the late Senator Morgan at Selma, Ala., is as follows: Senators Pettus, Allison, Frye, Cullom, Daniel, Simmons, McLaurin, Culberson, Perkins, Bacon, McCreary, Elkins, Tillman, Frazier, Gallinger, Raynor, Mallory, McEnery, Clarke, of Arkansas, Nelson, Stone, Proctor, Whyte, Tallaferro, Overman, Foraker, Crane and Scott.

Speaker Cannon named the following representatives: The entire Alabama delegation, Gillespie of Texas, Bartlett and Livingston of Georgia and Brownlow of Tennessee.

### St. Louis Firm Retained.

Austin, June 13.—Messrs. Barkley & Fautleroy, St. Louis attorneys, have been retained in the Waters-Pierce Oil company case. It was announced in the governor's office, and Judge McCord will assist them.

FARMERS' CONGRESS WILL BE HELD AT COLLEGE.

Vote Was Nine to Four and Made Unanimous—Dates of the Meeting Will Be July 23, 24 and 25.

A telegram received by President Harrington at College yesterday afternoon from Prof. Chas. Puryear, acting president, who went to Dallas to attend the meeting of the Farmers' Congress executive committee, brought the information that the committee determined by a vote of nine to four to hold the meeting at the A. and M. College, as originally intended, and the vote was subsequently made unanimous in favor of the College. The dates of the meeting will be Tuesday, Wednesday and Thursday, July 23, 24 and 25.

The removal of the meeting from College would have been a disadvantage both to the Congress and to the College. The A. and M. offers inducements for this gathering of farmers, truckers, horticulturists and live stock growers that cannot be equalled anywhere in the state, and half the value of the meeting would be missed if it were held in any city of the state. On the other hand the visitors learn more of the institution from year to year and more readily avail themselves of its benefits.

MECHANICS' CLUB MEETING.

Was Well Attended at the Opera House Last Night — Addresses by W. C. Davis and W. W. Harris.

The Mechanics' Club, including carpenters and joiners, painters and tanners, met at the opera house last night with a good attendance and President Kelley presiding. By invitation Mr. W. C. Davis and Mr. W. W. Harris were present and addressed the meeting. Mr. Davis spoke on the relation of legislation and labor, and Mr. Harris on organized labor and the results of the work of the telegraphers along this line in particular. Both made good talks and were accorded a rising vote of thanks.

A business session followed the speech making. A. Jahn was elected vice-president; W. H. Seidler, assistant secretary, and R. S. Taylor, treasurer. W. H. Seidler, W. B. Roman, D. C. Vick and A. E. Withers were appointed a committee on constitution and by-laws. A. E. Withers, R. S. Taylor and W. H. Seidler were appointed a committee to confer with the hardware men regarding the nine hour regulation of the club.

The club adjourned to meet next Thursday night at the opera house.

Notable Nuptials.

New York, June 13.—One of the most notable social events of the season was the marriage Wednesday afternoon of Miss Marian Fish, only daughter of Mr. and Mrs. Stuyvesant Fish, and Albert Gray, son of Judge John Clinton Gray. The ceremony occurred at 4 o'clock at St. Bartholomew's church. A wedding reception followed the ceremony at the Fish home. Nearly 5,000 invitations were sent out for the wedding ceremony, which was performed by Dr. Morgan Dix, assisted by the Rev. Dr. Thomas of Garrison, N. Y.

Retail Liquor Dealers Meet.

San Antonio, June 13.—Every large Texas city was represented at a meeting here Wednesday of the Retail Liquor Dealers' Association of Texas. It was executive in character, but it was learned that the Baskin-McGregor measure was discussed. Attorney J. E. Onion was present to give legal advice. Another meeting will soon be held.

### To Stop Piles Try This.

Piles get instant relief, when Dr. Shoop's Magic Ointment is applied. It's a Pile Cure, remember, and it is good for nothing else whatever except piles. General Ointments, for many uses, can't possibly cure piles. A pile ointment must be specific. Every aim of its maker must be directed specifically toward piles alone. Says Dr. Shoop, "I make three valuable ointments, and yet, one only—Dr. Shoop's Magic Ointment—will bring help to pile sufferers". Even then, in old chronic cases, originating because of a torpid Liver, with biliousness, I prescribe my Dr. Shoop's Restorative internally while using Magic Ointment locally or externally. Keep in mind this fact, please, that the large blood vessels of the liver originate in the walls of the rectum, where piles arise. Obstruct these vessels in the liver and piles instantly appear. Dr. Shoop's Restorative corrects stomach and liver sluggishness, hence its value as an aid to Magic Ointment in the treatment of obstinate cases of piles. None genuine without Dr. Shoop's name on the package. Sold at 50 cents by

### CHRISTIAN CHURCH REVIVAL.

The subject of Evangelist White's sermon last night was "Things Transitory and Eternal." Text: 1st Cor. 15-26: "The last enemy that shall be destroyed is death." The evangelist said in part. These words bring pain and regret when referred to pleasure, yet it is true of all that this life knows. All finite things come to an end. Science can even say it of the pyramids of Egypt. The globe grows old and the new heaven and earth appear. The plan that brought Christ to this world must come to an end. So far as we are concerned in a short time the opportunities before us of embracing Christ's gospel will have passed. One thing we should secure from this thought is that these transitory things are not to become the object of supreme desire to us. It is possible for us to go to extremes on this suggestion. Pleasure and property should be sought; it is natural. By right enjoyment we are re-created. Let us so value property that we make the world more beautiful and rich. Let us use economy in all things. Omnipotence has recognized it. After feeding the 5,000 the Savior instructed them to gather up the fragments. True religion is not an enemy to thrift and economy. We must guard against extremes. Let us remember there is a divine object in all these shifting things. It is to serve the soul culture. Properly viewed all things awaken confidence toward God. Our hope is unfolded according to our admiration and intercourse. Our danger is we nourish the beast more than the angel and understand its voice far better than the voice of an angel, should one speak to us. The world is our school not our everlasting abode. So let us get all of profit out of it. The end of all things does not mean defeat necessarily. The war of 1776 meant the birth of a new nation. The end of a true life means the birth of a new life under different surroundings. Life's river flows into the great ocean where the drouths of time cannot subdue it. Life is full of mysteries, but these mysteries are of kindness rather than of darkness. Our children may make shorter journeys than we, but their little life may be worth more than a larger, longer one. A ruby is more valuable than a rock a thousand times its size. Let us dedicate these things to a nobler purpose, the growth of the soul life. Life in death is the dower of grace; death in life is the doom of nature." Services begins at 8:15 instead of 8:30.

# Heart Strength

Heart Strength, or Heart Weakness, means Nerve Strength, or Nerve Weakness—nothing more. Positively, not one weak heart in a hundred is, in itself, actually diseased. It is almost always a hidden tiny little nerve that really is all at fault. This obscure nerve—the Cardiac, or Heart Nerve—simply needs, and must have, more power, more stability, more controlling, more governing strength. Without that the heart must continue to fail, and the stomach and kidneys also have these same controlling nerves.

This clearly explains why, as a medicine, Dr. Shoop's Restorative has in the past done so much for weak and ailing hearts. Dr. Shoop first sought the cause of all this painful, palpitating, suffocating heart distress. Dr. Shoop's Restorative—this popular prescription—is alone directed to these weak and wasting nerve centers. It builds; it strengthens; it offers real, genuine heart help. If you would have strong hearts, strong digestion, strengthen these nerves—re-establish them as needed, with

## THE MORNING EAGLE

Entered at the Postoffice in Bryan, Texas as second-class matter.

BY CARNES & WALLACE  
BRYAN, TEXAS, JUNE 14, 1907

Our navy continues to lose more men in peace than in war.

It is said the convict lease system will be gradually abandoned by the state board.

The Texas penitentiary reports shows that on May 30 there were 3744 convicts on hand.

The annual meeting of the Can't-Get-Away Club is about due. The same old officers and members will probably hold over.

### FAIR ASSOCIATION OFFICERS.

The directors of the Bryan Fair Association, elected at the meeting of stockholders held Tuesday afternoon, met yesterday afternoon and elected the following officers: Jno. K. Parker, president; G. M. Brandon, vice president; J. F. Ettle, secretary; J. W. Batts, treasurer. Those named with J. E. Butler, Jno. M. Caldwell and W. O. Sanders comprise the board of directors.

The Eagle learns that advertisements for bids on the improvements which were authorized to be sold at the stockholders' meeting will be placed in a few days.

### RESOLUTIONS OF RESPECT.

To the officers and members of Protection Steam Fire Engine Company Number One. We, your committee on resolutions, submit the following:

B. F. Leman, born November, 1833, died May 26th, 1907.

Whereas, The Chief of the universe has in His infinite wisdom, seen fit to end the term of duty, here on earth, of Brother B. F. Leman, and,

Whereas, In his death we have lost our oldest member, not only in years, but in length of service as an active fireman, and,

Whereas, We realize that we shall no more hear his voice in words of counsel, or draw from his fund of experience and wisdom, therefore,

Be it Resolved, That while we bow our heads in grief at his departure, we know that he had fought a good fight, had finished his labors and was ready to rest.

There is no cause for tears or sighs; his life work was well done, and at the final day when the great company of volunteer firemen shall meet at God's appointed place, we are assured that his name will be found on the grand muster roll.

What a goodly lesson his life should teach us all!

To live as he has lived, that when the fire of life is extinguished by the dark waters of death, it can be said of us, "He did what he could". That duty alone marked the positive and negative of our lives, doing and saying what was best, refusing to do and never saying that which hurt without improving.

"So live that when our summons comes To join the innumerable caravan which moves To that mysterious realm, where each shall take His chamber in the silent halls of death, We go not like the quarry slave at night, Scourged to his dungeon, But, sustained and soothed, By an unfaltering trust, Approach our grave Like one who wraps the drapery of his coach about him, And lies down to pleasant dreams."

Resolved, That a page of our record be dedicated to his memory, that these resolutions be inscribed thereon, and that a copy be sent to the family of our deceased brother.

Signed:  
C. E. Jenkins,  
W. J. Christian,  
J. W. Hamilton,  
Committee.

## MIDSHIPMEN MISSING.

They and Five Seamen Thought to Have Drowned.

Norfolk, Va., June 12.—Five midshipmen and an officer who came ashore Monday night in a small boat from the United States battleship Minnesota, lying in Hampton Roads, to attend a ball at the Jamestown exposition grounds, together with five seamen are missing.

The Minnesota's launch is known to have left Discovery Landing at the exposition grounds shortly after 12 o'clock Monday night, and the theory of the officers of the fleet now in the roads is that the launch collided with a steamer, and that all were drowned.

It is stated authoritatively here that the naval officials have absolute knowledge of the identity of a steamer which ran down the launch of the battleship Minnesota in Hampton Roads, and the arrest of the crew of the steamer is expected to follow.

A wireless message was dispatched from the station at the Washington navy yard directed to the fleet lying in answer came from Admiral Evans, and it dissipated the last hope that had been cherished: "A ditty box belonging to firemen of the Minnesota's missing launch has been picked up afloat near berth 27, and I am forced to conclude that the launch with all on board is lost. Have ordered board of investigation. Steamer last seen at exposition pier about midnight Monday night."

The midshipmen were sent aboard the battleship Minnesota for a summer course of instruction, and came ashore Monday night in a small boat to attend a ball.

Because of their youth and very recent entry into the naval service the young officers who lost their lives were not widely known outside of the naval academy. Those who are missing are: Midshipman Henry C. Murfin, Jr., a native of Ohio and a member of the second class at the naval academy.

Philip H. Field, a midshipman from Colorado of the first class of the academy; Midshipman Walter C. Ulrich of the second class, from Wisconsin; Midshipman F. P. Holcomb, attached to the Connecticut and supposed to have taken passage on the Minnesota's missing launch. He was a member of the second class from Delaware. W. H. Stevenson of North Carolina, a member of the second class; Henry L. Holden of Wisconsin, a member of the same class.

### PENROSE RECALLED.

Criticisms of Captain Kelly Declared to Be Not Justified.

Washington, June 12.—Major Penrose, who was in command of the negro troops at Brownsville on the night of Aug. 13, was recalled by the senate committee on military affairs Tuesday. Senator Foraker indicated to him the distances at which witnesses stated they identified negro soldiers on that night, and in practically every instance they declared the night was so dark they could not recognize them. He later modified this statement by saying artificial lights may alter the case. He was unable to recognize his own officers ten feet away.

His attention was called to a statement by Captain Kelly to the effect that the captain called on him a few days before the "shooting up" of the town he wore khaki uniform, and with out a coat or collar; also his men were careless in dress and unsoldierly in conduct. He replied he had never seen Kelly until Aug. 14, and he was sure he had never seen him in the condition described. He said the criticism of Captain Kelly was not justified.

### CABRERA ALL RIGHT.

No Truth in the Reports That He Had Been Assassinated.

New York, June 12.—Dr. Remon B. Engoache, consul general for Guatemala at New York, received a dispatch from President Cabrera, Tuesday reading: "The president is all right." The consul general also received a private dispatch from Guatemala saying there is no truth in the reports of President Cabrera's assassination. The statement that President Cabrera had been killed was made in a dispatch received at the City of Mexico Sunday night.

### SECOND CENTENNIAL.

Notable Ecclesiastical and Historical Event Commemorated.

Stratford, Conn., June 12.—The commemoration of the two hundredth anniversary of the establishment in Connecticut of the Church of England was held Wednesday in Christ church here in the presence of a most distinguished body of churchmen. This was the first parish in the state. The celebration was divided into two parts, that of the morning being religious and the afternoon historical in character.

### Fought to a Draw.

Lawton, Okla., June 12.—Ten rounds of an equal strength and durability was the result of a boat between Lieutenant Neil of Fort Sill and Billy Duke, champion welterweight of Montana, Indiana and Nebraska, which resulted in a draw. The battle occurred at Fort Sill.

### Splendid Showing.

Fort Worth, June 10.—Monday's meeting of the Texas Missionary convention was one of the most important of the convention. A report was made by Secretary J. C. Mason covering the year ending May 31. It showed that during the year twenty-nine churches have been established, nine houses built and \$25 members taken into the church.

## COWAN IS BACK.

Of Opinion Favorable Verdicts Will Be Given.

Fort Worth, June 12.—Judge Sam H. Cowan, who made final argument at Washington before the interstate commerce commission in the cases of the Fort Worth and Dallas millers and those of Amarillo and Roswell, has returned. He thinks a decision favorable to complainants will be handed down this month.

The object of the hearing was to secure a reduction of the rates on grain to Texas points, especially Fort Worth and Dallas.

Judge Cowan said in reference to the cases:

"I think that the interstate commerce commission is fully convinced by the testimony of the grain dealers and millers that Fort Worth in particular is the grain market of Texas, and that no lower rate should be given to points on the Red river than is given to Fort Worth and Dallas, unless it be in rates from nearby points in the Indian Territory."

"Most people do not know that Texas, which supplies itself with grain from Oklahoma and Kansas, has to pay freight rates on a basis of from 75 to 80 per cent greater than when grain is shipped to Kansas City from the same point over the same railroads."

"Amarillo is asking the same rates from Chicago, Kansas City and St. Louis as Texas common points, and in the complaint it is shown that Amarillo is closer to these cities and other manufacturing points in the north than the average distance to Texas common points, and there seems to be little reason for not giving Amarillo what it asks."

### Many Tomato Shipments.

Jacksonville, Tex., June 12.—Within a radius of seven miles of Jacksonville there were more than 100 carloads of tomatoes loaded Monday. This is the largest shipment of any one day ever known here. Prices have fallen from \$2 to 50 cents per crate. There is good profit to the growers even at the present prices.

### Own Gun Kills Him.

Perkins, Okla., June 10.—I. R. Dungan, a Payne county farmer, was accidentally shot and killed while cutting his alfalfa crop. He was carrying a shotgun for rabbits when the weapon fell against a wheel and was discharged, the entire load entering Dungan's side. He drove his team to the barn and fell dead.

### Owen a Winner.

Oklahoma City, June 10.—In the senatorial race nobody questions that R. L. Owen, on the Indian Territory side of the state, has won by an immense plurality. The vote for Owen in Oklahoma probably will be much larger than the vote received by any single Oklahoma candidate.

### Criminal Assault Charged.

Denison, June 10.—A negro was arrested here on charge of having committed a criminal assault at Wolfe City on Alberta Spencer, thirteen years old, daughter of his sister.

### Killed by Train.

South McAlester, June 10.—Luther Murphy was struck by a Katy train and killed.

### Train Kills Deaf Mute.

Miami, Tex., June 10.—A train hit and killed W. H. Rosse, deaf and dumb.

## Weak Women

To weak and ailing women, there is at least one way to help. But with that way, two treatments, must be combined. One is local, one is constitutional, but both are important, both essential. Dr. Shoop's Night Cure is the Local. The former—Dr. Shoop's Night Cure—is a topical mucous membrane suppository remedy, while Dr. Shoop's Restorative is wholly an internal treatment. The Restorative reaches throughout the entire system, seeking the repair of all nerve, all tissue, and all blood ailments. The "Night Cure", as its name implies, does its work while you sleep. It soothes sore and inflamed mucous surfaces, heals local weaknesses and discharges, while the Restorative, eases nervous excitement, gives renewed vigor and ambition, builds up wasted tissues, bringing about renewed strength, vigor, and energy. Take Dr. Shoop's Restorative—Tablets or Liquid—as a general tonic to the system. For positive local help, use as well

## WAS NOT AT PARIS.

### H. Clay Pierce is Declared to Be at New York.

Paris, Tex., June 13.—The conference between H. Clay Pierce's attorneys and Federal Judge David E. Bryant ended abruptly on Thursday. Judge Bryant has returned to his home at Sherman. He stated that no papers, applications or motions had been filed with him. He has no idea as to what Pierce wanted with him. He received several urgent messages Tuesday telling him to come to Paris and meet Attorney J. D. Johnson and others. J. D. Johnson and Judge Perkins left for Dallas at 10 o'clock Thursday. Fordyce and wife returned to St. Louis in his private car. Fordyce declares Pierce has not been at Paris, but is at New York. E. D. Stanley of the Waters-Pierce Oil company is still here.

### PIERCE NOT AT AUSTIN.

#### Sheriff of Travis County Would Like to Meet Him There.

Austin, June 13.—Henry Clay Pierce is not at Austin, and yet he is headed this way he has not yet reached the bounds of Travis county. Sheriff Matthews says he is very anxious to see Pierce at Austin. The appearance reported of Pierce in the state has caused considerable speculation, but the general opinion is that he will not come to Austin at this time. Judge Felix McCord, who was scheduled to go to St. Paul for the habeas corpus hearing, did not go, and he said that he would not leave and would wait for developments. At noon Thursday he had a conference with Sheriff Matthews regarding the matter. Sheriff Matthews was seen later and said he had no advice as to the whereabouts of Pierce. There was some speculation as to whether it was really Pierce, but Sheriff Matthews said: "I am sure that Pierce was in Texas Wednesday, but it is more than likely that he has gone over into Indian Territory."

### METCALF RETURNS.

#### Almost From the First the Secretary Encountered Delays.

Washington, June 13.—Secretary Metcalf returned to Washington at 11 o'clock Thursday with all of his original party aboard with the exception of Postmaster General and Mrs. Meyer, who left the others at Westover, Va. and returned to Washington by train. Almost from the first Secretary Metcalf encountered delays. He planned to leave Washington early last Saturday morning. As a matter of fact, the Dolphin did not get away from the navy yard until late in the afternoon, the delay being caused by the non-arrival on schedule time of the railway train which was bringing Mr. and Mrs. George W. Vanderbilt from Asheville, N. C.

## BASEBALLISTS DISAGREE.

### Shelton and Reilly Have an Encounter at Houston.

Houston, June 13.—A sensational pugilistic encounter was pulled off in the Tremont hotel Wednesday night as the result of a dispute over rain checks and a doubleheader. Tuesday's game was rained out and the local management used rain checks. Wednesday these checks were accepted for admission to the two games played that afternoon. Wednesday night Ben Shelton, manager of the Temple club, during the settlement with Claude Reilly, manager of the local team, demanded a pro rata thereof in proportion to the games played. Reilly declined to settle thus and fared badly physically by the bombardment of the Temple manager's fists.

### CHANGES NOT LIKELY.

#### Both Questions Referred For Action to Board of Directors.

Austin, June 13.—The principal questions up for consideration Thursday morning before the Retail Grocers' Association of Texas were whether the name shall be changed to the Retail Merchants' association and all lines of trades admitted to membership. The change was proposed by Capers of Dallas, Berwick of Fort Worth and other north Texas delegates, and was advocated by Caddis of Waco, Thomas of Dallas and all South Texas delegates. The proposition was to merge the Retail Grocers' association into the Retail Merchants' association, as it is claimed it would increase the influence of the association. The matter was disposed of by being referred to the board of directors with power to act, but as most of the members of the board are opposed to the change, it is not likely any change will be made.

### ONLY IN BANKING HOURS.

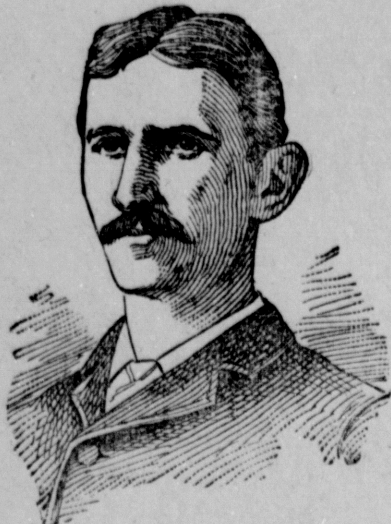

#### Funds Cannot Be Withdrawn From Treasury Any Other Time.

Austin, June 13.—Assistant Attorney General Hawkins holds that a county treasurer cannot withdraw from the county depository of said county any funds to be used by such treasurer in making payments outside of banking hours. The question arose from an inquiry from K. Hall, county treasurer of Dallas county, who wanted to withdraw \$500 of the county's money to be used particularly on Saturday evenings in cashing warrants in favor of jurors, schoolteachers, etc. When the county depository is not open for business, Judge Hawkins says: "I am of the opinion that your question must be answered negatively. The term and provisions of the county depository law are clearly inconsistent with such plan."

## TESLA IN TROUBLE.

### Wonderful Tower Liable to Be Sold by Sheriff.

New York, June 13.—Because Nikola Tesla, propounder of a theory of communication with Mars, has failed to satisfy a judgment of \$1,108.20, the mysterious tower at Wardenclyffe, L. I. has been advertised for sale by Sheriff Wells of Suffolk county. Mr. Tesla has expended a fortune on his electrical experimental works at Wardenclyffe, whose purpose he has kept to himself. Only his closest friends were permitted to get within seeing distance of "Wonder Tower," as the huge structure of steel and cement is called, and no one appears to know

NICOLA TESLA.

exactly what it was intended for. That it was to be used to demonstrate his theory of communicating with the Martians is popularly believed.

The judgment is held by Dr. James W. Warden. The security is the 200 acres owned by Tesla, upon which stands the tower, which is sunk into the ground a distance of 150 feet, and is 150 feet in height, according to Tesla's statement to his friends. The tower has a great mushroom top, from which there used to be blinding flashes of electricity at night some years ago.

Mr. Tesla, when seen at the Waldorf Astoria, said the case was an old one, the judgment growing out of an option he had taken on the land. He said the matter would be settled.

### TO DEMAND INDEMNITY.

#### Hope, Also, to Bring Diplomatic Pressure to Bear.

San Francisco, June 13.—The Japanese residents of San Francisco intend, it is said to demand an indemnity from the United States for the attack on the Horse Shoe restaurant and other acts of violence which they say have been inflicted upon them. They hope, also, to bring diplomatic pressure to bear on the government in Washington to suppress anti-Japanese agitation in California. This it is said was the aim of Count Nozaki's recent visit to Viscount Aoki, the Japanese ambassador at Washington.

### TRIVIAL AFFAIR.

#### Some Boys Threw a Few Stones at a Japanese Greenhouse.

San Francisco, June 13.—Referring to the alleged attack on a Japanese horticulturist at Berkeley Thomas G. Walker, representing the Japanese Association of America, states that it was a trivial affair. Some boys had thrown a few stones at a greenhouse belonging to a Japanese, but the damage was slight, and the association would take no action in regard to the incident, leaving the local authorities to deal with the offenders.

## THIRD CLOUDBURST.

### Terrific Fall of Water and Hair Size of Guinea Eggs.

Lexington, Ky., June 13.—The third cloudburst in a week passed over central Kentucky Wednesday night and Thursday morning, doing almost incalculable damage to crops, farm lands and lowlands along the rivers. In Clark, Montgomery, Bourbon, Bath, Fleming, Scott, Nicholas, Lee, Wolfe, Rowan, Carter, Boyd and other counties corn, tobacco and wheat land was washed by the land sliding and opening of fissures several inches deep in the ground. In many sections crops are practically ruined. The Kentucky, Big Sandy, Red Cumberland and Licking rivers rose rapidly. Several towns along the Licking river are threatened with inundation. Hair stones as large as guinea eggs fell here.

Two valuable brood mares were killed in Franklin county by lightning.

### Appleyard Insolvent.

Philadelphia, June 13.—Announcement was made at the opening of the Stock Exchange Thursday of the insolvency of A. E. Appleyard, one of its members. Appleyard created a sensation Wednesday by selling many thousands of shares of stock of the United Gas Improvement company, depressing the price nearly \$4 per share. He admitted these were "short."

### Beveridge Principal Speaker.

Minneapolis, June 13.—The national conference of charities and corrections began here Wednesday. Senator Beveridge was the principal speaker.

### Bryce a Speaker.

Urbana, Ill., June 13.—The commencement exercises of the University of Illinois were held Wednesday. Among the speakers was Ambassador Bryce of Great Britain.

## MORE MEANNESS.

### Orchard Continues to Testify as to Misdeeds.

Boise, Ida., June 13.—Orchard told Wednesday of having planned to kill Governor Steunenberg by placing a bomb in his room at a hotel at Boise. He said he did not care whether he blew up the whole hotel; declared that he planned with former Lieutenant Governor Coates of Colorado to kidnap a child of Mr. Paulson, a banker and an old friend, and that swindled the farmers of southern Colorado with a fake hail insurance scheme while down there trying to kill Peabody.

The defense carried the cross-examination of Harry Orchard down to the actual crime charged against W. D. Haywood—the murder of Frank Steunenberg—and as it progressed, assailed the testimony and the theory of the state resting upon it. The Steunenberg crime was reached at mid day, and counsel for the defense directed their efforts to an attempt to cloud the earlier purposes and movements of Orchard with uncertainty and indefiniteness. Then they emphasized the abandonment of all effort to kill after Orchard first tracked Steunenberg to a hotel in Boise, and with a skeleton key had gained entrance to the very room in which the governor was living.

Orchard said he talked with Haywood and Pettibone at the latter's store. They gave the same reasons for wanting to get rid of Peabody. Moyer also had a feeling of personal enmity toward Peabody. Orchard blamed him for being the cause of Moyer's arrest. Orchard said Pettibone asked him to get a position as a life insurance solicitor before going to Canyon City. He got letters from several persons, among them Mr. Hawkins, a law partner of Attorney Richardson, who has conducted the cross-examination. Richardson wanted to know the circumstances of securing the Hawkins letter, and demanded to know if Orchard had not said it was necessary for him to get work in order to support his family. Orchard said he told Hawkins he was desirous of getting the position as a solicitor. The witness said he met Hawkins at some trials in Telluride, and the attorney remembered him. Haywood later told Orchard he had made a mistake in getting a letter from Hawkins, for if anything happened in Canyon City it might involve the attorney who had been representing the Federation.

Pettibone told Orchard he must have some semblance of an occupation if he was to remain in a town the size of Canyon City without arousing suspicion. It was for this reason he took insurance soliciting.

## SUIT FILED.

### Action Taken Against Anthracite Coal Carriers.

Philadelphia, June 13.—Suit by the government has been filed in the United States circuit court here against anthracite coal carrying railroads. The defendants are the Reading Railway company, Philadelphia and Reading Railway company, Lehigh Valley Railway company, Delaware, Lackawanna and Western railway, Central Railroad Company of New Jersey, Erie Railroad Company of New York, Susquehanna and Western Railway Company of Philadelphia and Reading Coal and Iron company, Lehigh Valley Coal company, Lehigh and Wilkesbarre Coal company, Hillside Coal and Iron Company of New York, Susquehanna and Western Coal company and Temple Iron company. They have until the first Monday in August to make appearance in the suit and until the first Monday in September to file answer or demurrer to the proceedings.

The suit is the result of an investigation started by the department of Justice nearly a year ago.

### Subpoenas Served.

Philadelphia, June 13.—Subpoenas in connection with the suit of the United States government against the anthracite coal carrying railroads were served by the United States marshal on George Bear as president of the Reading company, the Philadelphia and Reading Railway company, of Philadelphia and Reading Coal and Iron company, Central Railroad Company of New Jersey, Lehigh and Wilkesbarre Coal company and Temple Iron company. All these companies are defendants in the suit.

### RIOT RESULTED.

#### Ban Placed Upon Kosher Shops Brings About Trouble.

Cleveland, June 13.—A riot occurred in the Jewish district here as a result of a ban placed upon the kosher meat shops. The Jews are angry over the raise of 4 cents a pound recently placed on meats. All of the kosher shops were picketed by the women and children of the neighborhood. Delivery wagons were stopped, meat soaked in coal oil and shops closed.

When Jacob Rochovitch emerged from a shop with men he was surrounded by women. Not understanding, he attempted to escape, and in doing so, ran over a baby. A crowd of 500 gathered quickly, and Rochovitch was being handled roughly when rescued by the police.

One woman was severely injured and her clothing torn off by a crowd for buying meat. Several shops were raided.

### Mail Was Small.

Oyster Bay, L. I., June 13.—The first day of President Roosevelt's vacation was spent in accordance with his plan for quiet. No visitors were scheduled, and the morning mail, which Secretary Loeb carried to Sagamore Hill, was small. The work of the executive offices here will be carried on so as to shift the greater burden to Washington.

## IS PIERCE PRESENT?

### Proper Answer Could Not Be Secured Wednesday.

Paris, Tex., June 13.—A special train arrived over the Frisco at 2 o'clock Wednesday afternoon carrying S. W. Fordyce and J. D. Johnson, the St. Louis attorney, counsel for H. Clay Pierce. It was reported that Mr. Pierce accompanied them, but the most diligent inquiry failed to either confirm or contradict the report. It is generally believed, however, that he did accompany them, and that he has kept in the background.

The sheriff's office wired Sheriff Matthews of Austin to know if Mr. Pierce was wanted, and received an answer to arrest him regardless of the expense.

After receiving the reply the officers searched the city for him, but were unable to locate him. According to one report he was accompanied by a special officer and went through to Austin to surrender, chartering a special train here.

It was learned from a reliable source that the Santa Fe ran a special up from Cleburne to Paris for the purpose of carrying Mr. Pierce to Austin, but after the order for the special had been given it was found that he could not make the trip to Austin and decided to transact his business through the Federal court here.

Judge D. E. Bryant came over on the 10:45 train Wednesday morning. As soon as the Frisco special arrived Messrs. Fordyce and Johnson and a third man, supposed to be Pierce, entered a carriage and drove rapidly to the Federal building.

Judge E. B. Perkins of Dallas joined them there, and a lengthy consultation was held. It is supposed that the purpose of the visit is to institute injunction proceedings to restrain the receiver appointed by the state from taking charge of the property of the Waters-Pierce Oil company.

Judge Bryant stated Wednesday night that no application of papers of any kind had been presented to him and none had been filed in the clerk's office.

The attorneys were busy examining the authorities Wednesday, and it is understood that they have not yet decided as to the form of the proceedings to be instituted.

### Waco Has New Bank.

Waco, June 13.—The Exchange National Bank of Waco has been organized and chartered with a capital of \$300,000.

### In Ignorance.

"Your husband seems to have an exalted opinion of you," remarked the bride's aunt. "He says you are his right hand."

"Yes," rejoined the young wife, with a sigh, "but he's one of those men who never let their right hand know what their left hand does."

### Wrong Man.

"You understand," said the captain, "that we want a secretary who is thoroughly accustomed to managing men." "In that case," answered the applicant sadly, "I'm afraid it's not me you want, but my wife."

Money does all things. It makes honest men and knaves, fools and philosophers.—L'Estrange.
